VENUE

Tucked quietly behind Newtown's bustling King street in a century old, lovingly restored warehouse, Rising Sun Workshop was born from a desire to share space, skills and hospitality with others.

Unique for its mix of social and commercial enterprise (a hatted restaurant supports a motorcycle workshop which in turn supports a community), the venue is adaptable to a wide range of events & is available for partial or exclusive hire.

Our menus & floor plan can be tailored to any occasion with food and drink packages that easily change gear from casual to special occasion.

Features:

- Up to 90 people for cocktail
- Exclusive hire of entire venue, including the workshop
- Open Kitchen a recipient of one hat at the SMH Good Food Awards
- Award winning bar featuring local, small production wines & spirits
- Close proximity to public transport (Newtown train station & multiple bus services along King St)
- Presentation facilities including PA, microphone, projector & screen
- Flexible floor plans
- Entertainment easily integrated into the space, noise & sound restrictions apply
- Strict 10pm close time
